Individual Army Career Training

for Active Army, National Guard, Reserves, and DA Civilians

What is the ALMS?

The Army Learning Management System (ALMS) is a Web-based training delivery system that delivers standardized Army training content to Soldiers, civilians, training NCOs, training managers, instructors and unit commanders at home and abroad.

- ✦ Manages training information
- ✦ Provides training collaboration, execution and career planning capabilities
- ✦ Supports both resident and non-resident training environments

ALMS Capabilities:

- ✦ Automated courseware distribution and storage of training content
- ✦ Student and instructor collaboration
- ✦ On-line registration using ATRRS to manage training rosters and records
- ✦ Stores and manages HQDA mandated training
- ✦ Operational unit leaders and training NCOs to access individual and unit training readiness records
- ✦ CENTRA virtual classroom

ALMS Training Benefits:

- ✦ No costs to units or organizations
- ✦ Increased training opportunities; accessed anywhere you have internet connection
- ✦ Greater scheduling flexibility
- ✦ Provides Army training standardization
- ✦ Maintains and tracks training record throughout Army career
- ✦ Reduces cost per trained Soldier
- ✦ Increases readiness
- ✦ Provides greater stability for Soldier families
